QUALITY TECHNOLOGY INTERNATIONAL LAUNCHES NEW PRODUCTS AT WORLD PORK EXPO

Elgin, IL – Quality Technology International will introduce new brands by Nor-Feed and ADDCON to add to its line of animal health products delivering sustainable and natural products for the performance and growth of livestock. QTI is at Booth #1038 at World Pork Expo June 8-10 in Des Moines.

Existing QTI brands & products

- Q-Biotic® Series: direct-fed microbial for improving gut health
- MCM: mannanase-hydrolyzed copra meal patented for decreasing salmonella
- BacPack®: combination of probiotic and prebiotic products reducing food safety threats
- Refresh™ : water soluble supplement providing electrolytes and other key nutrients for supporting intestinal health during stress periods

New QTI brands & products

Nor-Feed products utilizing plant extracts for animal nutrition and health:

- Nor-Grape®: polyphenol Vitamin E replacement product working against oxidative stress
- Norponin XO®: all natural coccidia mitigation product
- Nor-Spice AB®: citroflavanoids for enhancing animal digestion and performance
- Durelax®: natural calming product for animals
- Nor-Mite®: In-feed aromatic insect repellent

ADDCON products providing optimal safety in swine production:

- FORMI NDF: patented acidifier for hygiene and efficiency with strong anti-microbial effects
